Secretary Marlene Dortch
Federal Communications Commission,
Office of the Secretary
445 12th St. SW
Washington, DC 20554

Dear Secretary Dortch,

For small business owners everywhere, such as myself, there is a daily choice made to spend resources in ~~the~~ most valuable way. For many, the choice to receive broadband internet access is not a viable one. Whether their location prevents ~~them~~ from receiving broadband, or the cost is simply unaffordable, it would improve their business to ~~not~~ have to make ~~this~~ choice.

It can be possible for ~~all~~ small businesses to use broadband internet with ~~the~~ proposal made by M2Z Networks. I support allowing M2Z Networks to receive the spectrum ~~it~~ needs to provide free broadband service because I know as a businessman, the important resources this opportunity would provide. It would allow businesses everywhere, with just a modem, to go on-line at ~~high~~ speed while saving valuable resources.

This proposal can improve the daily performance of small businesses while allowing them to focus their resources on other necessary expenses. I support ~~this~~ proposal and the great things that be accomplished with its approval.

Sincerely,

Randy Cole
